MEMORANDUM FOR DISTRIBUTION

Subject: Analytic Wargaming and Military Operations Other Than War
Conferences

1. The Analysis Council of the Executive Council for Modeling & Simulation is sponsoring a wargaming simulation conference on 1 Apr 97 and a military operations other than war (MOOTW) simulation conference on 2 Apr 97.
2. The purpose of the conference is to inform the wargaming community and MOOTW analysis community on the capabilities the Joint Warfare System (JWARS) and Joint Simulation System (JSIMS) plan to field in these areas, in order to retire legacy simulations IAW Defense Planning Guidance and CJCS direction. The conferences are also intended to identify wargaming and MOOTW analysis needs which may be unmet by the current JWARS development plan.
3. The USD(A&T) requires DoD Components and the Joint Staff/CINCs to report their intentions for transitioning each of their simulations to the DoD's High Level Architecture (HLA) by 30 Jun 97. Feedback from the April conferences will assist Analysis Council members in making collective decisions regarding which legacy simulations to retire, to request HLA waiver for, or make HLA compliant.
4. The enclosure contains the administrative information you will require to attend. We look forward to your participation.
